

# CONNECTED CAMPS

## Seeking High School Students - Minecraft Volunteer Counselor

### **Background**

Connected Camps offers online Minecraft camps where kids aged 8-13 explore, design, and build within multiplayer worlds. New players learn the basics of Minecraft while experienced players can tackle new challenges or learn advanced topics like programming, and game design. Volunteer counselors work with our Lead Counselors to moderate the servers, mentor campers, and help them level up their expertise in designing and building on a multiplayer server. Join our community of passionate Minecraft mentors, gain experience as a camp counselor, and support young people in getting more creative with a game they love!

### **Position Summary**

Work with a team of counselors to make online summer camp a wonderful experience for campers. Apply your Minecraft expertise to teach others about the game and help resolve issues on the server. Show off your skills and inspire campers with your creations and give them new challenges to tackle. Train, collaborate, and problem-solve with your fellow team members. Bring your enthusiasm and passion and help make Club Minecraft a truly special experience.

### **Community Service**

We can provide community service hours for the time you spend volunteering with us.

### **Responsibilities**

Attend the following online team meetings:

- Regular check ins with the Lead counselors you work with
- Weekly Volunteer Meeting
- Online training sessions

Log in as a counselor during camp hours:

- Maintain a presence on our servers
  - Help run our affiliate, afterschool labs, and summer camps
  - While on shift, be logged into a voice chat client with fellow counselors and students

- Be a mentor and guide for campers
  - Guide new campers through basic skills and answer their questions
  - Encourage campers to work together
  - Challenge campers who are looking for new things to do
  - Support campers who are having difficulties
  - Inspire campers with your own creations
  - Foster a sense of collaboration and community
- Support the Lead Counselors in designing and facilitating in-game special events such as games and building challenges
- Report griefing or technical issues to Lead Counselors
- Actively participate in your team's online collaboration space

### **Technical Requirements**

- Have your own paid Minecraft account (Java, computer edition)
- Access to a computer that has and supports the latest version of Minecraft
- Access to stable Internet with the bandwidth needed to support playing Minecraft
- Working microphone or headset and voice chat client

### **General Skills**

- Have expertise and passion for Minecraft and able to help inspire and support kids in learning how to level up their own expertise
- Experience in online multiplayer Minecraft
- Willingness to teach and be a mentor to others
- Have worked with kids age 9-13 in the past, or would like to learn how to
- Conducts self in a professional manner in an online setting
